This bespoke treatment is so sublime, created by a highly-skilled therapist who selects specific products to produce the most tangible and noticeable results for your skin. The experience concludes with a hydration treatment to nourish and protect. You won't recognise yourself.

This therapeutic facial includes a deeply relaxing scalp or a hand and arm massage.

## **FAST EDDY FACIAL**

The final flourishes are all about hydration and nourishment. Aloe vera gel reboots and hydrates before a hit of moisturiser leaves skin protected and restored.
