PRE PROHIBITION COCKTAILS

January 17th 1920, saw the manufacture, transportation and sale of alcohol banned in the United States. This was driven by ideas of increasing savings and improving family life. This drove the alcohol scene to go underground creating Speakeasies all across the Country allowing bartenders to continue their trade. This forced bartenders to become experts with basic ingredients. Below are some of our favourite cocktails of this time, made with love for you to enjoy at the QT Lobby Lounge Bar.
