

HIPPOPOTAMUS

THE GIVING TREE

HIGH TEA

. . .

Based on the book, *The Giving Tree*, this shared feast encapsulates the story of nature endlessly giving its fruit to us selflessly. At Hippopotamus, we set out to prove that plant-based eating can be as sumptuous and scrumptious as it is sensible. Resulting in a bountiful board of goodies, we have designed a delectable Plant Based feast showcasing the best natural and plant-based ingredients humans have enjoyed from Mother Nature since the dawn of time.
